Meeting Minutes

**I. Welcome and Introductions**

Sarah Wood opened the meeting and welcomed attendees. The minutes from the last meeting were reviewed and approved.

**II. Abbreviated Presentations**

Presentations were presented from the following agencies: Pressley Ridge & Zoe Ministries. It was discussed that the previewed presentations as well as material from other trainings were similar and were comprised of the same foundational information.

**III. Additional Discussion**

The group recognized a need for training specifically geared towards foster parents who accept teenagers. And that we probably need more specially trained homes and there is the limit that the home only have the one adolescent. The group asked members of DFS to head that project. The subcommittee is still working to identify members of DPBH to join and add input on what Division-specific trainings they do, if any.

**IV. Next meeting**

Next meeting is set for November 5<sup>th</sup>, 2019 at the Admin. Building. Objectives of this meeting are to brainstorm ways to move forward with a uniformed Department training and identify which groups (i.e. Foster parents) would require more specialized training(s).
